

Grayling Woman Seriously Injured In Shooting

Orvetta Moon, 49, of Grayling, was listed in stable condition in the Grayling Mercy Hospital Intensive Care Unit Tuesday following a shooting incident at her residence Saturday morning.

William Bonds, 59, of Grayling, was arraigned in 83rd District Court Tuesday on an attempted murder charge. Moon was shot in her lower left side with a 22-caliber rifle as a result of a domestic quarrel, police said. The shooting took place at a residence in Karen Woods at 10:45 a.m. Saturday. Moon was taken to Mercy Hospital after the shooting and underwent five hours of surgery.

One 12-Ton Carrier Recovered

One of the four-and-a-half armored carrier military vehicles ripped off Camp Grayling ranges has been recovered by camp officials and Crawford County sheriff deputies.

The carrier was discovered in an isolated part of Maple Forest Township about five miles southwest of the range it was towed from. It was in the process of being dismantled when authorities recovered it thanks to an anonymous tip. Sheriff Joe White said parts of other vehicles have also been recovered in wooded areas apparently because police were getting close to finding the thieves and the stolen goods were too hot to sell.

White said two to three groups may be involved in the salvage-type ring and he said the investigation is continuing. Any area junk dealers having large amounts of heavy aluminum brought to their yards are asked to contact the sheriff dept.

Bids Let for State Road Projects Here

Two companies were low bidders for three major road projects in Crawford County the Michigan Dept. of Transportation announced this week.

Central Paving Co., of West Branch, were low bidders for two projects for 13.6 miles of road at a cost of \$791,858.

They were awarded a surfacing project on 7.8 miles of county roads and a 5.8 mile resurfacing lanes and shoulders project on I-75.

A-Bird Construction, of Grawn, entered the low bid on safety upgrading of 30.7 miles of U.S.-27 from the south Roscommon County line to the junction with I-75 in Beaver Creek Township. That project, bid at \$536,829, is expected to be completed in September.

The county road surfacing project, expected to be finished in November, will be on 3.1 miles of County Rd. 502 from M-72 south four miles, 2.8 miles on Four Mile Rd. west of I-75, and 1.9 miles of Stephan Bridge Rd. north of M-72.

The I-75 resurfacing is expected to be completed in August.

Gerrish-Higgins May Begin Summer Tax Collection In '84

The Gerrish-Higgins School District, which includes South Branch Township and the east portion of Beaver Creek Township, may begin summer tax collection in 1984.

The school board, after meeting with county and township officials, are in favor of summer taxes. They feel the district will be able to save money by eliminating borrowing. Schools usually operate from September to December on tax anticipation loans before tax dollars begin arriving in December. The Crawford-AuSable School District switched to collecting half the school taxes in '83.

Local Food, Shelter Programs To Receive Federal Funds

Crawford County United Way has been chosen to receive \$6,570.54 to supplement Emergency Food and Shelter Programs in the area.

The selection was made by a national board charged to distribute \$50 million appropriated by congress to help expand the capacity of feeding and shelter programs in high-need areas around the country.

A local board made up of representatives from United Way, the Crawford County Board of Commissioners, Red Cross, The AuSable Ministerial Association, and Crawford County Community Services will determine how the funds awarded to Crawford County are to be distributed among the Emergency Food and Shelter Programs run by private voluntary organizations in the area.

Under the terms of the grant from the national board, local organizations chosen to receive funds must: 1) be non-profit, 2) have a voluntary board, 3) have an accounting

Board Decides to Send 5th Graders to Frederic

Approximately 94 fifth graders from the Grayling area will be bussed to Frederic Elementary next school year to relieve overcrowding at the Grayling Elementary School.

The Crawford AuSable School Board, at their regular meeting May 23, chose to send fifth-graders because they felt parents would rather have the older elementary students transferred and bussing nearly all the students in one grade would be easier than choosing smaller numbers from many grades.

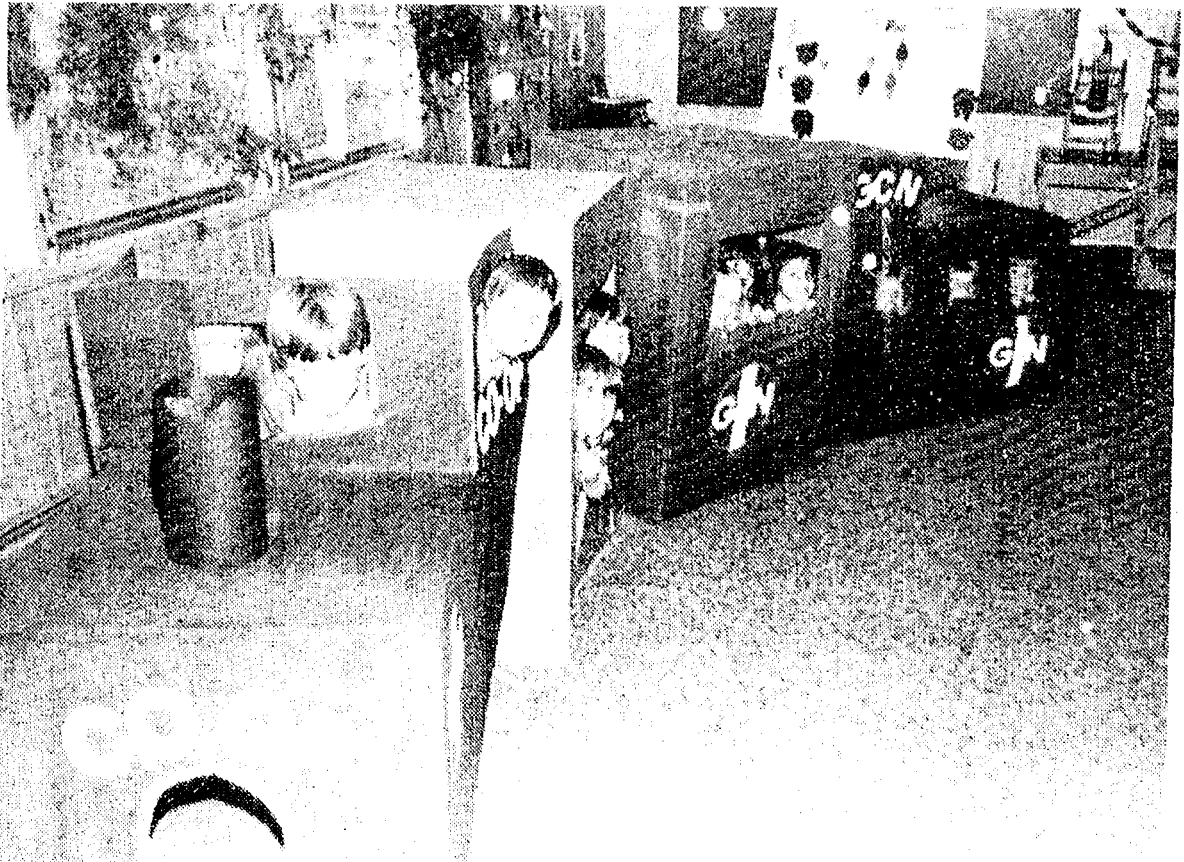

With the transfer, none of the three portable classrooms at Grayling Elementary School will be used for students.

Meetings with parents of fifth-graders at Grayling next year will be held in the next week. Parents will have the opportunity to

request their child attend Frederic Elementary on a first-come, first-serve basis. If not enough parents request the transfer, students will be chosen randomly to fill remaining slots.

The board also directed the Superintendent to appoint a committee of administrators, teachers, school board members, and parents to study enrollment imbalance at the two elementary schools and come up with a recommendation for a long-range solution by January, 1984.

Two years ago, Frederic Elementary was closed and all the students were housed in Grayling Elementary overcrowding every classroom. A couple years before, more than 100 Grayling students were bussed to Frederic Elementary to solve overcrowding at Grayling.

CO-OP NURSERY TRAIN—Students at the Grayling Co-Op Nursery are all aboard their express train they built. This train stops at all candy stores.

Local Officials Attend Jail Conference

Sheriff Joe White, Chairperson Jeannett Kitchen, Commissioners Andie Neilson and Mary Harland recently participated in a Jail Planning Conference held in Lansing. Also, in attendance were county officials from throughout Michigan.

Michigan Department of Corrections officials were present to discuss the Michigan Jail Code. They emphasized the growing trend of inmates to sue counties for relief from unconstitutional living conditions or improper treatment. Correction officials stated that at present there were 38 Michigan counties facing federal court lawsuits related to jail conditions.

Primary emphasis of the conference was to provide legal and technical guidelines to county officials involved in jail expansion or renovation projects.

Unusual Birds Find Home at Goodale's

by Jon Thompson

After their spring return trip from South America, about a dozen weary cliff swallows were happy to find a friendly home here.

The cliff swallows - uncommon in Crawford County - began building their unusual nests under the eaves at Goodale's Bakery in Grayling when Larry Smith, of Grayling, spotted them. He told Goodales that there are very few of the birds in the county and Goodales agreed to let them nest alongside of the building.

Last year, a woman going into the bakery complained about the cliff swallows diving near her and demanded Goodales get rid of them. Goodales thought they were the more common barn swallows and removed the nests.

Dr. George Wallace, an ornithologist living in Grayling Township, said the swallows are harmless and have never been known to strike anyone during their dives. He said the cliff swallow's diet, like the more common barn swallow, consists entirely of winged insects making it a welcome guest.

The cliff swallow is easily distinguished from the barn swallow because it has a square tail compared to the barn swallow's deeply forked tail and the cliff swallow has a large buff colored mark on his back.

Wallace said the cliff swallow have never been too common here nesting in scattered colonies throughout their distribution range. Larry Smith, who has 350 birds on his life list, said the last time he saw a cliff swallow was 65 years ago in Oakland County.

The cliff swallows' nests, located on the north side of Goodale's, are different from most birds. They are gourdlike mud nests enclosed except for a small tube opening.

After 18 Years Idle

Fish Hatchery Opens!

by Jon Thompson

The Grayling Fish Hatchery - closed since 1965 - opened its gates Memorial Day weekend as a trout viewing tourist attraction.

On display were a couple hundred brook trout, some as large as two feet. A shipment of 10,000 smaller trout is expected this week to fill the remaining raceways. The brook trout from Flowing Wells Trout Farm will be 7 to 17 inches long.

The Crawford County Board of Commissioners decided to open for the holiday weekend at their May 26 regular meeting when they signed the lease agreement with Flowing Wells, placed fish hatchery

manager Howard Hatfield on county pay-rolls, and arranged for night watchmen help from DSS work program and daytime help from the Green Thumb program.

The board also supported an attempt by the Fish Hatchery Committee and Rep. Connie Binsfeld to obtain funding for the project from the state Dept. of Labor.

A decision to hire one night watchman was tabled until a request for a \$4000 loan from the county economic development committee was reviewed and acted on by the committee.

The hatchery will be earning some money through fish feeding machines to help pay for care of the trout.

The Bible Speaks

From Calvary Baptist Church

WHEN CHRISTIANS DIFFER

Romans 14:1-3

A local church should be like a family. All have been born again into the spiritual family of God, but they differ in maturity. Some are spiritual babies, and some are mature adults in the faith. Knowledge and acceptance of the Word of God determines the difference between the weak and strong. The Bible makes it plain that fellowship should not be based upon maturity.

1. The strong must fellowship with the weak. "Him that is weak in the faith receive ye, but not to doubtful disputations." The mature Christian should have personal fellowship with a baby Christian without constantly trying to criticize and correct him.

2. The strong and the weak will differ on non-essentials. "For one believeth that he may eat all things; another, who is weak, eateth herbs." Christian maturity brings Christian liberty. "...The truth shall make you free." John 8:32b. Christian immaturity brings legalism.

The New Testament Christian is not restricted in eating any kind of meat. One who insists on being a vegetarian for religious reasons is weak in the faith. Those who sacrifice the eating of certain foods for their faith are called weak, and not strong. Christian liberty is the mark of Christian maturity. Man made legalism or rules are the mark of spiritual weakness.

3. God is Lord of both the strong and the weak. "Let not him that eateth despise him that eateth not; and let not him which eateth not judge him that eateth; for God hath received him." Romans 14:3. The strong should not despise the weak over his legalism. The weak should not judge the strong over his liberty. Since God has given the strong his liberty, and God has received the weak in spite of his legalism, both should accept each other without

showing hatred or judgment.

Christians are to break fellowship only over Bible essentials. "But now I have written unto you not to keep company, if any man that is called a brother be a fornicator, or covetous, or an idolater, or a railer, or a drunkard, or an extortioner; with such an one no not to eat." 1 Cor 5:11.

Many religions make up their own rules by interpretation of Bible principles like 1 Thessalonians 5:22 "Abstain from all appearance of evil." The church leaders may decide anything is wrong or evil and make a legalistic rule against it. Another principle is in 1 Corinthians 10:31: "Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God." Weak Christians often govern non-essentials by interpreting Bible principles according to their own weak consciences. (adv.)

Grayling Elementary School

Mrs. Larson's first grade class is talking about Michigan. Jamie McKinney said that they are learning about people in Holland, Michigan, and the flowers there.

Pamela Wilkins said they are learning about parades. Joy Hoffmyer said that they are talking about the peninsulars. They are learning about different places in Michigan too. They all like talking about Michigan. By Mary Beth Boone and Teresa Ferguson, 5th grade.

Make a Meal Out of Michigan

Monday, May 16, Mrs. Yost's first grade class had Michigan for their treat. They had two cakes. One was the upper peninsular and the other the lower. The water was blue frosting and the land was green frosting. To make a cake, they looked at a map and cut what looked like Michigan. We can't forget the Big Mac. The bridge was made out of candy. Some kids ate 'water' and some ate 'land'. Some even ate both. It was good tasting. They decided it was good. By Debbi Schrock and Mary Beth Boone, 5th grade.

The New Dream

By Rev. Thomas A. Bruno
Minister of
The Congregational Church
Roscommon

A famous philosopher took a stroll one evening in Central Park in New York City. He had not taken time with his personal appearance and looked slightly tattered. As he sat on a park bench, a police officer, thinking he was a vagrant, approached and asked, "Who are you and what are you doing here?"

The philosopher, deep in thought, looked up and replied, "I wish to God I knew!"

More than one person has sat in my office over the years and voiced the same question. Even those of great conviction have had some doubts from time to time.

Some months ago, I had the opportunity to be a resource person at a youth retreat. The subject chosen by the young people themselves was to deal with love relationships. "The loneliest place in the world," I said, "is where there is no love." I also related to them that man's greatest need is to be loved. I am sure you agree with me.

Since that retreat, I have had time to ponder the truth of what seems to be undeniable and I have modified my thoughts. While man's greatest need is linked with being loved, his greatest driving force is to discover WHO HE IS!

In a confused, disoriented society of crowded isolation, who am I? And who you are? Don't tell me your name, that only identifies and distinguishes you from someone else.

I ask not for your name, but the person behind the name. It is important that you discover who you are. This means that an inward journey is of the utmost importance. This is a journey into the sanctuary of your heart and soul. It may begin at any age and may never be completed until the last breath.

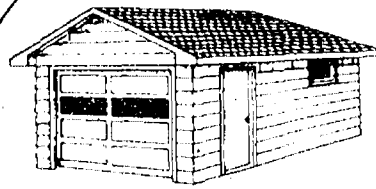

Man can never find himself unless he is on the inward path which will lead him to the very source of life itself. It is not a thing; it is not an impersonal power source, but it is a PERSON.

To know thyself, you must know God. The knowledge of God is the beginning of wisdom.

Have a day filled with exciting possibilities.

Senior Life with Style Day June 16 at Houghton Lake

Senior Life with Style day, an educational program for senior citizens, will be offered Thursday, June 16, from 9 a.m. to 4 p.m. at the Houghton Lake High School.

The program is sponsored by Northern Michigan Health Services, Mid-Michigan Health Care Systems (a subsidiary of Clare Community Hospital and the Midland Hospital Center), and the Trio Council on Aging.

Senior Life with Style Day is a program filled with educational sessions, exhibits, a health walk and informative guest speakers. According to Linda Dutcher, Health Educator at Northern Michigan Health Services,

"Wellness is an important factor in our lives no matter how old we are. Senior Life with Style Day is a chance for senior citizens to discover that even during their later years they can effectively take care of themselves. Senior Life with Style Day promotes healthy living and introduces the participants to a variety of methods to achieve it and have a good time while doing so."

Senior citizens are invited to attend a choice of five educational sessions from the 19 offered covering the areas of physical, social, and emotional health. Program topics include: Over-the-Counter Medications and Alcohol, Your Heart - How to Keep it Healthy and Strong, Personal and Home Security, Nutrition, Crafts and Activities for Mobility, Legal Services in Later Years, Cook for Two, and Eldercamp.

In addition to the educational sessions, participants will have the opportunity to hear an address entitled "How to Live Your Life to the Fullest" presented by keynote speaker William C. Schaefer, M.D., medical director for Rehabilitation Services at Midland Hospital Center.

As part of the day's activities, seniors will be able to participate in a one-mile health walk.

The Senior Life with Style Day registration fee is \$1 which includes attendance at five educational sessions and the presentation by Dr. Schaefer. Lunch will be available.

Interested senior citizens are encouraged to register early. While registration may be possible for \$2 on Thursday, June 16, enrollment will be limited. Seating constraints assure only the first 250 registrants the opportunity to hear the keynote address. The first 250 registrants will also receive a Life with Style tote bag; additional registrants will be sent a tote bag when supplies are available. Although the program is designed for senior citizens, registration is open to anyone interested in the quality of life for seniors.

Registration forms are available from the Trio Council on Aging and the clinics of Northern Michigan Health Services (Northpoint Clinic, St. Helen Medical Center, and Houghton Lake Community Health Center). For further information, call Northern Michigan Health Services at (517) 422-5148.

Outstanding "Senior Citizen" Nomination

We are nominating "Barney Engel" for the 1983 Outstanding Senior Citizen of the year.

Who is Barney Engel? We really don't have to ask that question, because everyone in Crawford County knows who Barney Engel is!

Here are just a few areas of where Barney has given of his time, talents and energies.

25 years as superintendent of the local Fish Hatchery and he is still continuing his efforts in this field by serving on the new Hatchery Committee.

Barney has been and still is a super-active member of the Michelson Memorial United Methodist Church. He has served as President of the church's Men's Club, Superintendent of the church's Sunday School with all of its activities, and he has served in other offices such as the Board of Trustees and the Administrative Board. He has by himself and with others practically repaired and remodeled the church inside out - room by room.

Barney has given so many hours helping others - not even a computer could count them.

We don't think Barney has ever said no when asked to help or assist any person, organization or projects of any kind. Barney can always get it done.

Barney is a friend to all - helping with small jobs for those who cannot find help and assistance. If Barney hears of an emergency - he's there doing his thing - with a hammer, screwdriver and saw plus a lot of good-will.

Barney is more than an active member of the Senior Citizens programs, and he is always a front-line volunteer for helping the R.S.V.P.

Barney is good for all of us - a very positive person - never negative.

Barney has sowed friendliness and goodwill his entire life - truly a sound and remarkable citizen.

Bill Would Give Legislature Another Shot at Rejecting Pay Raises

Warren M. Hoyt, Executive Director, MPA

Saying they are willing to make sacrifices in line with imposing the new 38 percent income tax increase on the people of Michigan, the Senate has approved legislation that would allow them a second chance at rejecting pay increases of the governor, lieutenant governor, justices of the Supreme Court and members of the Legislature.

The bill would allow the Legislature 90 days after the governor submits the annual executive budget proposal to consider salary and expense recommendations as proposed by the State Officers Compensation Commission.

The commission meets every two years to review the work load of the state officials and sets new pay schedules for the next two years. The pay rates go into effect automatically unless the Legislature rejects the entire recommendations by a two-thirds majority in both houses.

The Legislature currently has until January 31 of every odd-numbered year to consider the pay package.

Because the Legislature does not convene until the second Wednesday of January in those years and then recesses to get organized, the Legislature, in actuality has only two or three days in which to review the pay plan.

As a result, no serious efforts have ever been mounted to rescind the recommendations.

Under the legislation, sponsored by Senator James Barcia (D-Bay City), the Legislature would be able to review the proposed budget, along with the economy of the state and nation as well as projected revenues, to be better able to consider the pay proposals in their proper context.

The Senate debate on the bill created fiery discussions, uncommon in what is otherwise a stodgy body.

Most outspoken was Senator Jack

Faxon (D-Southfield) who charged the bill was just a vehicle so some members could "stand forth in purity and piety."

He called the bill unconstitutional now that it is ex post facto for the 1983-84 recommendations since the most recent recommendations were automatically approved as of January 31 without legislative action.

Faxon said football coaches at major Michigan colleges and universities are higher paid public servants than the governor. "Football coaches are supreme, we are nothing," he said.

Barcia responded reminding the members of the Senate of the tax increase recently imposed on the people. He said the government has extracted sacrifices from the public and the bill shows the public the Legislature is willing to face the same sacrifices.

Senator David Holmes (D-Detroit) likened the Legislature to a board of directors in his speech opposing the bill.

He said the Legislature is a 148 member board responsible for the imposition, collection and expenditure of more than \$4 billion annually.

Holmes said he believed the members of the Legislature were greatly underpaid considering the amount of progressive legislation generated each year to protect the health and well-being of the more than 9 million people of the state.

Commission recommendations for 1983-84 called for a freeze during 1983 and an average increase of 7.2 percent for 1984.

Under the recommendations, the governor's salary will go from \$70,000 to \$78,000; the lieutenant governor will receive \$53,000, up from \$50,000; justices of the Supreme Court will receive \$74,000 compared to the current \$69,000; and members of the Legislature will receive \$33,200, up from the current \$31,000.

Blueprints For Family Living

by Pastor

Richard H. Wadsworth

The opposite of love is not hate but selfishness. The Bible defines love as giving. Paul, in the book of Ephesians says, "Husbands, love your wives, even as Christ also loved the church, and gave himself for it." We know that Christ gave himself completely, one hundred percent, for the church. That is the standard that He sets for us in relation to our wives. It is easy for the man to read the Bible where it says, "Wives, submit yourselves unto your own husbands," but that really is not the part that husbands should ever read. As the head of the house we must do our part by loving our wives as much as Christ loved the church and give of ourselves to our wives as much as Christ gave of Himself to the church.

This life is complex, and it is easy for us to get involved in many other activities that would draw us away from our families and our responsibilities to them. If we are to have strong family ties we must plan to be with the family every week. The activities that you plan with your family are the most important events of the week. Give of yourself this week to your family.

Vikings Bow Out of Districts

A bloop single off the handle from a Houghton Lake hitter helped knock Grayling out of state tournament play last Friday.

The cheap single brought in two runs and kept Houghton Lake alive in the second inning. A three-run home run followed and Grayling, down five runs early, never caught up losing 13-3.

Houghton Lake blasted out 15 hits in the seven inning contest while Grayling managed six hits. Mike Hickey collected two hits and Jon Nicholas, Jim Stewart, Monte D'Amour, and Ryan Morford added one.

Grayling had a tighter game against Rogers City, the Michigan Huron Shores League champions this season. The Vikings almost handed them their first

The other two Rogers runs were aided by three errors.

Grayling scored first on a single by Nicholas, two stolen bases, and a single by D'Amour. Jim Stewart tied the ballgame in the fifth with a home run before Rogers City scored the deciding run.

Grayling left nine men on base after banging out 11 hits. D'Amour, Hickey, Nicholas, and Stewart each had two hits.

Grayling hitters were left in the cold against a strong-throwing Sault Sainte Marie team when they managed only five hits in 10-0 and 5-0 losses. Soo hurlers picked up 27 strikeouts for two seven inning games.

Grayling finished their season Tuesday against Onaway.

Chamber Chatter

By Joyce Kolka

The Grayling Booster Club is in process of soliciting funds to defray the cost of the annual 4th of July display. They have pointed out that as with everything else, the cost of fireworks have increased.

May we urge everyone to donate to this well known worthy cause.

The new owners of Long's Canoe Livery on the Manistee River held their Grand Opening last week. Rick and Donna Schnoor hosted many business leaders in the formal dedication.

Mrs. Ruth Steffe has volunteered to take on the task of contacting business people on behalf of the chamber. She will be talking to them about the chamber operations and advantages in joining the chamber.

Mrs. Steffe will be armed with membership application blanks to try for an enlarged membership.

Plans call for a contest to rename the Redcoat Roundup. Since a law was passed mandating that hunters wear some item of blaze orange, the predominant color for deer hunters has been orange.

It is expected that the contest will take place in early fall. Meanwhile, in another activity, the chamber is faced with a guessing game. The challenge is to try and determine which weekends Color Tours will be held.

While any weekends selected are subject to unusual weather conditions, an average color date must be determined. The question is: does anyone know what the average color date might be?

This week is John Alef II week in the eyes of the Chamber. John is Vice President of Grayling State Bank and Secretary/Treasurer of the Grayling Regional Chamber of Commerce. He is very active in Grayling promotions, a great salesman and is highly involved in all Chamber functions. Though a very busy man, he is never too busy to lend a helping hand, just ask us at the chamber office. John, you're the best and this is your week. Our hats are off to you!!

Lovells Home Extension

The Lovells Home Extension met on Wed., May 11 at the home of Jane Commons with 16 members and one guest, Marion Kellogg present. A lovely luncheon was served by the hostess and co-hostesses Vickie Davio and Kathryn Jones.

The Mystery Package was won by Margaret Cavanaugh.

The meeting was opened by Secretary-Treasurer, Irene Honey. Roll call was "Shortcuts to Housework". Secretary and treasurer reports were given and approved.

It was decided that our annual scholarship will be given to the three graduates from Lovells who are enrolled in college. They are: Terry Behlke, Beth Jones, Brad Emerick.

Reports were given by various Program of Work chairman. A discussion was held concerning College Week, which will be June 30 through June 23rd at Michigan State.

Vi Wingeier reported on cards sent to members who had been ill.

The "Plant a Tree Committee" will be Margaret Cavanaugh and Betty Lake. The tree will be donated by Betty and Arthur Lake. Harry Honey will assist in planting this tree for Arbor Day.

Following the business meeting, a lesson on Needlepoint was given by Cultural Arts Chairman, Betty Lake.

Members working on the May Bingo at Timberview Village: Margaret Cavanaugh, Kathryn Jones, Hazel Koernke.

The next meeting will be held on Wed., June 8 at the Lovells Twp. Hall with Audrey Kaumeyer as hostess. There will be election of officers. Roll call will be "Plans for your Summer" and there will be a plant exchange. The lesson will be on Canada.

Doodles From The Tall Timber

Wendell L. Hoover

Park Interpreter

During a recent weekend, I was pretty far from the Tall Timber at the place where I grew up. In the course of that visit, I flushed a cottontail rabbit from its hiding place. I am no longer used to seeing them, and it came as a surprise to see that white fluff of a tail disappear into a clump of brush. I suspect the rabbit has always been the symbol of timidity. Having been raised where cottontails were the norm has led me to believe they are more prudent than anything else. They are masters at detecting an unnatural sound which brings them into attitudes of straining attention, alert for a repetition, and ready to dash for safety. When more than one rabbit was in a neighbor's yard feeding on clover, one would appear to be an ever-watchful sentry while the others continued to feed. After a short interval, another would take over as sentry while the then-relieved-of-duty sentry would begin to feed.

It always amazed me that such a speedy runner could be such a clumsy walker. They seem to hunch and huddle along with their ears flopping in all directions, their powerful hind legs awkward and seemingly uncoordinated. It seems they don't live in a constant state of terror, but manage to have fun too. Sometimes they would play a form of tag. I am not sure they actually played a game, but they did chase each other, turning, twisting, dodging and reversing the chase. Perhaps this was on-the-job training for the young and a chance to sharpen skills for the old. I hope it was just fun, just as it was fun to see those long bounds and that fluffy puff of a tail.

STUFFED SHIRT

You've met this man before! Remember him? What grand airs he liked to assume! What vain boasts poured from his lips! He was forever trying to make an impression, but most people saw through his false front. They called him a STUFFED SHIRT!

Airs and vanity rarely fool us. We look for the inner qualities of a man's character. Only when those inner qualities are just as fine as the external impression he makes—only then are we sure we have met a man of the highest caliber.

Our sanctuaries build character! Into the life of the individual and of the community it pours those moral and spiritual influences which develop man's innate nobility. Through religious education and the worship of God, they point young and old to the high goals and rich resources of Christian living.

Local Student is State Winner In National Essay Contest

Chris Bindschattel, 11, of Grayling, has been named the Michigan state winner in the GI Joe Real American Heroes Essay Contest. The contest was included in "Real American Heroes" - an elementary school social studies program developed by Hasbro Industries, Inc. and Lifetime Learning Systems, Inc. of Fairfield, Conn. Five lesson plans were created to focus children's attention on American heroes - their qualities and their importance to society. Essays from more than 4,500 students across the country were judged for originality and content. One essay from each of the 47 participating states was selected. Bindschattel, a student at Grayling Elementary, will receive a U.S. Savings Bond and a specially-designed commemorative plaque. His essay is as follows: I believe a real American hero is a person who lives a normal life. He or she supports his or her family and puts food on the table that keeps the family alive. Every day, he or she comes home from work and eats and never even realizes that he or she is a hero.

An Important Message To The Good Neighbors of Crawford County!

by Harrison Goodhue

Everyone has been aware of the violent weather conditions of the last few months - and right up to and including now - which has created flooding and tornadoes, in Texas, Louisiana, Oklahoma, Alabama, Mississippi, Tennessee, Kentucky, the Carolinas - to the worst extent in modern history. Tens and tens of thousands of individuals have been driven from their homes and have had to be fed and housed in disaster shelters since the first of this year. And, as you also are aware, it is American Red Cross who houses and feeds the victims of disaster! In an average year Disaster Relief costs about \$25 million. So far in this 1983 fiscal year which began last July 1st, 1982, American Red Cross has committed over \$33 million and there is almost two months yet to go!

American Red Cross 1983 budgeted Disaster Funds have been totally used up and so has their Disaster Reserve Fund and American Red Cross needs to raise \$12 million by July 15th to meet the now known and anticipated Disaster Relief costs for this fiscal year. To make sure American Red Cross fully meets its Disaster Relief responsibilities to all Americans, they have instituted a Special Disaster Relief Fund campaign from May 23 to July 15. You have probably seen the announcements of this campaign on local TV stations in the last several days. The Crawford County Chapter of American Red Cross has already sent their check in full to the National Red Cross organization, an action made possible by the staunch financial support of

the Red Cross Good Neighbors of Crawford County, BUT: American Red Cross needs every contribution that individuals who care can spare if they are to achieve their financial requirements. All of us in Crawford County should be thankful we live in an area where flooding is not a serious problem; and, although we do have tornadoes they are very rare compared to other sections of the Country; BUT there are thousands of Americans, just like ourselves, who this spring find themselves homeless and unable to clothe, house, and feed themselves! If you can only spare a dollar, please send it to American Red Cross, RR 2, Box 2515, Grayling; it will be sent at once to the National Red Cross organization - not one penny will be kept in Crawford County!

Senior Citizen Center

Cheese Certification

June 16th and 17th will be USDA Food Commodities Certification Day in Crawford County at the Senior Citizen Center. We have new rules for the cheese and other commodities distribution. Each person must be certified ahead of time and will have a card which will be punched when you pick up your cheese. Jot down your number someplace so you will have it. It is felt that this will hasten distribution and also eliminate persons getting double rations. The first cheese that we will have under this program will be the last week in June. The date, time and place will be announced in the paper and on the radio stations when we know. If you do not get certified on June 16th and 17th, you will not be eligible for cheese in June. NO CARD - NO CHEESE. We will certify the people who failed to get certified or those who become unemployed between June 17 and July 17th on the third Monday morning of each month from 9:00 to 11:00 a.m. beginning July 11th at the Senior Citizen Center, 308 Lawndale.

Those persons who receive Food Stamps will receive their Certification Card with their June Food Stamps direct from D.S.S. and need not come in on June 16 or 17th. You must bring proof of income, unemployment card, and anything that you can to prove that you are within the income certification guidelines: 1 person family - maximum income \$6,075.00 per year. 2 person family - maximum income \$8,175.00 per year. 3 person family - maximum income \$10,275.00 per year. 4 person family - maximum income \$12,375.00 per year. Each card has an identification number and is not transferable. There will be no certification on distribution day regardless of your reasons for not having a card. You will just have to wait until the next distribution day and you will miss this June's cheese so it's very important for you that you are certified by June 17th. Those receiving food stamps will receive your card in the mail. Remember you need not come on June 16 or 17 if you have received your card. The government feels this certification program will assure that those most in need of the commodities receives them. If you have any questions see your D.S.S. worker and see us at the Senior Center, 308 Lawndale.

Masons to Meet Grayling Masonic Lodge #356 to meet June 2nd. Regular Communication 7:30 p.m. Ham and Scalloped Potato Dinner - Open to the Public. Serving time 5:00 p.m. to 6:30 p.m. Donation \$3.00, \$1.50 for children under 12. Walter C. Angel, W.M.

Strolling Around Town

The rain has dampened the walking but certainly not the spirits of the Grayling residents who seem to be out stronger than ever cleaning up, painting, fixing, picking up, putting away and trying to make their homes look better. During the late winter a new entrance appeared at the law offices of Bloomquist, Wegner and Hunter which made an attractive addition. The former Dannenberg and Owens home at the corner of Ionia and Maple has had a lot of remodeling and a new family is living there.

"It is possible to live in peace" M.K. Gandhi. Rialto Theatre June 10-16, One show nightly 7:30 p.m.

For the out-of-towners who cannot see our street construction it is going along very well; there are many new curbs on Park Street, Ogemaw, and Ottawa, and Chestnut Street is also under construction. Everyone is awaiting the new look on the Milltown Weaver's Gifts at the corner of Michigan and Cedar (Business Loop). A new sidewalk graces the front of Davis Jewelry and Dawson's, and there appears to be a new tree going in there also. There are three new trees, two in front of Josie's and one in front of Wiebers. It's hard to understand why other cities can have beautiful trees on their business blocks and a few thoughtless people in Grayling keep tearing ours down. Next week - some new businesses.

WINS CANOE—Mrs. Rose Mary Williams, of Grayling, (right) a cafeteria aide at Grayling Mercy Hospital, is congratulated by Mercy Hospital Auxiliary President Marge Oliver after winning a Michi-craft canoe in an auxiliary drawing.
